

Top AI Tools by Category

This chart organizes AI tools that support teachers and administrators with a focus on reading comprehension, pronunciation, and the Science of Reading's Big 5. It also includes tools for planning, communication, and English Learner support.

| Category | AI Tool | Purpose/Use |
|-------------------------|-------------------|---|
| Big 5 Literacy Focus | Ello | Builds phonemic awareness and fluency through AI listening and feedback. |
| | BookBot | Phonics tutor that gives decoding and pronunciation support. |
| | WriteReader | Supports phonics and early writing through student book creation. |
| | FluentReader.ai | Boosts fluency and prosody through repeated reading. |
| | Curipod | Creates reading warm-ups, discussion slides, and comprehension prompts. |
| | Listenwise | Audio content with vocabulary and comprehension questions. |
| | Diffit | Simplifies and levels reading passages with built-in comprehension tasks. |
| | Eduaide.ai | Builds phonics games, vocabulary sets, and comprehension questions. |
| | CommonLit AI | Recommends paired texts and comprehension-aligned tasks. |
| Planning & Productivity | MagicSchool.ai | Creates reading response prompts, IEP supports, and planning tools. |
| | ChatGPT | Designs close reading prompts, summaries, and lesson hooks. |
| | NotebookLM | Synthesizes complex texts into study-friendly notes. |
| | Perplexity | Provides reliable summaries and citations for research or scaffolds. |
| | Canva Magic Write | Designs worksheets, newsletters, and student-facing guides. |

| | | |
|---|---------------------|---|
| Data, Coaching & PD Planning | TeachFX | Captures classroom dialogue for pronunciation, fluency, and teacher talk ratio. |
| | AI Coach by Edthena | Guides teachers through video reflections with feedback prompts. |
| | TARA.ai | Supports walkthroughs, planning, and implementation documentation. |
| Communication & Operations | Otter.ai | Transcribes PD sessions or parent meetings for reflection or translation. |
| | Canva Magic Write | Drafts polished communications with visual elements. |
| | Twee | Builds social posts for school engagement using education-specific AI. |
| ESL Vocabulary, Comprehension & Pronunciation | FluentU | Boosts listening comprehension and vocabulary through videos. |
| | Google Read Along | AI reading coach that supports pronunciation and decoding. |
| | Immigo | Conversational AI chatbot that helps students practice speaking English. |
| | Rewordify | Simplifies academic texts for easier comprehension. |
| | Wordtune Read | Breaks down and rewrites complex reading passages. |
| | Socratic by Google | Helps students interpret difficult texts through guided prompts. |
| | Speechify | AI text-to-speech reader for pronunciation modeling. |
| | YouGlish | Provides pronunciation examples in real-world context from YouTube. |

AI Tools for Classroom Management & Culture

These AI tools help teachers proactively manage behavior, boost engagement, and build a positive classroom culture. They support emotional regulation, real-time data tracking, communication, and reflection—saving time while strengthening relationships.

| AI Tool | How It Supports Classroom Management |
|-------------------|--|
| ClassCatalyst | AI check-in tool for students to share emotional state; supports SEL and proactive management. |
| TeachFX | Analyzes teacher/student talk time, engagement, and questioning to improve class dialogue. |
| LiveSchool | Behavior point tracking system with reports and incentives for consistent classroom behavior. |
| ClassDojo | Tracks behavior, communicates with families, and offers AI-powered reporting features. |
| Sown to Grow | Students set and reflect on goals weekly; teacher sees trends in SEL and motivation. |
| MagicSchool.ai | Generates behavior plans, Tier 1–3 strategies, and parent communication templates. |
| Edpuzzle + AI | Tracks student engagement during flipped or video lessons to hold students accountable. |
| ChatGPT | Can role-play scenarios, draft behavior interventions, or help script responses for tough conversations. |
| Canva Magic Write | Creates visuals for classroom norms, expectations, and motivational posters. |
